## TO THE GENERAL DIRECTOR OF .....

---

Dear (Mrs., Mr.),

I have the honor to request your kindness to grant me a position within your establishment.

Having a **national diploma degree specialized in Software Engineering and Information Systems** and soon to **graduate from a professional master's degree in computer systems engineering (computer system expert, networks and cloud)**, motivated, dynamic, and persuasive, I was able to do test of a great sense of responsibility during my studies.

I would like to inform you that I am currently looking for a location in your enterprise and my reflections on my professional future have led me to consider with great enthusiasm the possibility of working in a sector of activity which seems suitable to me and in which I want to specialize in.

My attached curriculum vitae is focused on my experiences and I am curious and motivated to take on new challenges integrating the world of work.

The dynamism and involvement that this position requires converges with my profile, my studies, and my abilities that I will put at your disposal.

Remaining at your disposal for any additional information or interviews, please accept, (Mrs., Mr.), the expression of my sincere greetings.

Mayssam Hedhli
